

Steel Pipe / Tube

sizes	O.D : 21.3mm-712mm W.T : 0.5mm-25mm
	Less than 12 meters,5.8 m and 6m are common
Steel material	Q235, Q345 ,S235JR ,S275 ,S355
Standard	BS1139-1775,EN1039,EN10219,ASTM A53AB
Zinc coating	100-500g if galvanized
Application	Carbon steel pipe use for construction ,building filed , low pressure liquid, water, gas, oil, line pipe
Pipe Ends	1) Plain

EMAIL: info@steelguang.com

TEL: 0086-371-55023661

	2) Beveled
	3) Thread with Coupling or cap
	4) Chamfer
	5) Groove
	6) Screw
End protector	1) Plastic pipe cap
	2) Iron protector, clamp
Surface Treatment	1) Galvanized
	2) Black Painted (varnish coating)
	3) Bared
	4) Oiled
	5) PE, 3PE, FBE, corrosion resistant coating, Anti corrosion coating.
Technique	Electronic Resistance Welded (ERW)
	Electronic Fusion Welded (EFW)
	Double Submerged Arc Welded (DSAW)
Welded Line Type	Longitudinal
Section Shape	Round
Inspection	With Hydraulic Testing, Eddy Current, Infrared Test
Package	1) Bundle
	2) Bulk
Delivery	1) Container
	2) Bulk carrier
